

Jones College Annual Security Report

General Information

“Choosing a postsecondary institution is a major decision for students and their families. Along with academic, financial and geographic considerations, the issue of campus safety is a vital concern. In 1990, Congress enacted the Crime Awareness and Campus Security Act (Title II of Public Law 101–542), which amended the Higher Education Act of 1965 (HEA). The act was amended in 1992, 1998 and 2000.

The 1998 amendments renamed the law the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act in memory of a student who was slain in her dorm room in 1986. The Clery Act requires higher education institutions to give timely warnings of crimes that represent a threat to the safety of students or employees, and to make public their campus security policies. It also requires that crime data are collected, reported and disseminated to the campus community and are also submitted to ED (U. S. Dept. of Education). The act is intended to provide students and their families, as higher education consumers, with accurate, complete and timely information about safety on campus so that they can make informed decisions.” (U.S. Department of Education, Office of Postsecondary Education, The Handbook for Campus Crime Reporting, Washington, D.C., 2005.)

In 2008, “the Higher Education Opportunity Act (HEOA) was signed into law, amending the Clery Act and adding a number of safety- and security-related requirements to the Higher Education act of 1965, as amended (HEA). (U.S. Department of Education, Office of Postsecondary Education, The Handbook for Campus Crime Reporting, Washington, D.C., 2011.)

This annual report has been developed by Jones College in accordance with the requirements of the Clery Act and is available for dissemination by every interested stakeholder of the college.

To be in compliance with Clery Act regulations, Jones College has several obligations. These obligations fall into three main categories: 1) policy disclosure; 2) records collection and retention; and 3) information dissemination. Jones College complies with the Clery Act requirements.

1. Policy Disclosure: Jones College must provide the campus community and the public with accurate statements of its current policies and practices regarding:
 - Procedures for students and others to report criminal actions or other emergencies occurring on campus.
 - Security of and access to campus facilities.
 - Campus law enforcement.
2. Records Collection and Retention: Jones College is required to keep records of reportable crimes and to request records from law enforcement agencies.
3. Information Dissemination: Jones College is required to provide campus community members with information necessary to make informed decisions about their safety.

(U.S. Department of Education, Office of Postsecondary Education, The Handbook for Campus Crime Reporting, Washington, D.C., 2005.)

Note: The Clery Act was again amended in 2013 with the signing into law of the Violence Against Women Reauthorization Act of 2013 (VAWA). Clery Act reportable crimes now include: dating violence, domestic violence, sexual assault, and stalking as well as the procedures the institution will follow when one of these crimes is reported.

The College is responsible for disclosing statistics for Clery Act reportable crimes that occur at:

Jones College Annual Security Report

Jones College
1195 Edgewood Ave., South
Jacksonville, Florida 32205

The College is also responsible for notifying all stakeholders of Clery Act reportable crimes on all public property immediately adjacent to the above-mentioned campus location.

Detailed maps of all Jones College property disseminating the above listed physical locations, adjacent public roads, and other property can be reviewed upon request. Contact Candice Turner, ext. 242, to process a request.

Campus Security Authority Designations

Jones College is required to designate those individuals who fulfill the administrative/reporting requirements placed upon the College by the Clery Act. Refer to addendum 1 for a complete listing of all Campus Security Authorities.

The “primary” Campus Security Authorities contact information is listed on the next page of this document. Report all campus security issues to one of these designated individuals.

All statistics and requisite documentation relating to incidents, crimes, and offenses deemed to be reportable in the Clery Act will be maintained by the Corporate Secretary.

Note:

The Campus Security Authorities **are not** law enforcement officials. All law enforcement functions will be performed by representatives of the Jacksonville Sheriff's Office.

Policy Disclosure

Emergency Response/Evacuation Procedures

The Clery Act requires the college to immediately notify the campus community upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students, staff, and faculty occurring on campus. Other situations that could develop on campus are not considered Clery Act reportable. The procedures developed by the administration of the College address emergency situations in both of the above-mentioned categories.

These procedures can be reviewed in the Dean's Office at either campus location or online at <http://www.jones.edu/current-students/> by simply clicking on the designated link.

The Campus Security Authorities will make the final determination as to whether or not a specific situation must be deemed a significant emergency or dangerous situation. Emergency notification and follow-up reporting for the purpose of complying with the requirements placed upon the institution by the Clery Act will always be a significant consideration in making such decisions.

In general, all applicable stakeholders at the campus location in which the emergency situation has developed will be notified of the situation. All stakeholders can be assured that the College will take appropriate action to:

1. Take into account the safety of the entire campus community.
2. Determine the information to release regarding every emergency situation expeditiously.
3. Begin the notification process in a timely manner.

Jones College Annual Security Report

Note: A decision to hold back on “immediate” notification for a confirmed emergency or a dangerous situation may be made if immediate notification would compromise efforts to assist a victim, contain the emergency, respond to the emergency, or otherwise mitigate the emergency.

Emergency Notification System Tests/Annual Training on Emergency Procedures

Testing of our emergency response and evacuation procedures is a requirement of the Clery Act. Unannounced emergency notifications will be planned and conducted each semester. The purpose of these tests will be to ensure all stakeholders can be reached via our web based emergency notification system. Messages received by the stakeholders will provide the necessary guidance on how to notify the College that the message was received. Upon completion of the exercise, the College will follow-up with those who do not respond to the notification via email, telephone, or text message to ensure they understand the significance of responding to the test notification message and all actual emergency notifications as requested.

Annual training will be conducted in the fall semester to ensure all staff members are familiar with the College’s Emergency Response and Evacuation Procedures. Training will be documented. Attendance rosters will be maintained in the President’s Office.

Timely Warnings

In the event that a situation arises, either on or off campus, that, in the judgment of the College Security Authorities, constitutes an ongoing or continuing threat, a campus wide “timely warning” will be issued. The warning will be issued through the college’s online emergency notification system to students, faculty, and staff.

Depending on the particular circumstances, especially in all situations that could pose an immediate threat to the community and individuals, notice may also be posted on the College website (www.jones.edu) in order to provide more immediate notification. Copies of the notice may also be posted on bulletin boards at each campus, notice boards near elevators, in the faculty and student break rooms.

Anyone with information warranting a timely warning should report the circumstances to any of the Campus Security Authorities listed in the following sections of this document either in person or over the telephone.

Crime Reporting

Upon receiving any report of criminal action or emergency situation at the West campus, the staff member will contact one of the primary Campus Security Authorities listed below or one of the secondary Campus Security Authorities listed in addendum 1:

Annual Disclosure of Crime Statistics

The College's Annual Security Report is prepared under the supervision of the President of the College. The full text of this report can be located on our web site at www.jones.edu/pdfs/AnnualSecurity.pdf. This report is prepared in cooperation with the local law enforcement agency (Jacksonville Sheriff's Office) having jurisdiction over the area.

Each year, the college requests the applicable crime statistics from the Jacksonville Sheriff's Office. These statistics are combined with the statistics maintained by the college to generate the complete listing of crime statistics that are made available locally to all staff, students, and interested individuals.

All active students, faculty, and staff have been sent a letter in which the above listed website address has been made available to them. Written copies of this report may be requested by contacting Candice Turner at 904-743-1122, extension 242.

Limited Voluntary Confidential Reporting

The administration of the college encourages anyone who is the victim or witness to any crime to promptly report the incident to the police. Because police reports are public records under state law, Jones College cannot hold reports of crime documented in a police report in confidence. Confidential reports for purposes of inclusion in the annual disclosure of crime statistics can be made to the President of the College or to the Deans. Reports filed in this manner are counted and disclosed in the annual crimes statistics for the institution.

Security and Access to Campus Facilities

During business hours, the College will be open to students, parents, employees, contractors, guests, and invitees. Business hours (and certain staff member office hours) are posted on the college website (www.jones.edu). During non-business hours access to all College facilities is by key, if issued. In the case of periods of extended closing, the College will admit only those with prior written approval to all facilities. Emergencies may necessitate changes or alterations to any posted schedules. The campus closes earlier in the evening over semester breaks.

Jones College does not maintain a campus police or security office. The Campus Security Authorities fulfill the administrative / reporting requirements placed upon the College by the Clery Act. The Corporate Secretary and the President of the College assist in this effort. All emergencies reported after normal office hours are handled by local law enforcement or other emergency response personnel.

Campus Law Enforcement

Jones College staff members have the authority to ask anyone on campus for identification and to determine whether individuals have lawful business on campus. The College Security Authorities and specific staff have the authority to issue parking citations and require that any violator of college parking rules no longer be permitted to leave vehicles unattended on campus. Vehicles in violation of campus parking policy may be towed off property at owner expense.

The College Security Authorities and staff members do not have the authority to arrest individuals. Criminal incidents are referred to the local police who have jurisdiction on the campus. While the College maintains a highly professional working relationship with the Jacksonville Sheriff's Office (JSO), there is no specific memorandum of understanding between the College and JSO. JSO personnel are notified of and respond to every situation warranting their response.

Jones College Annual Security Report

All crime victims and witnesses are strongly encouraged to immediately report the crime to any College Security Authority and the appropriate police agency. Prompt reporting will assure timely warning notices on campus and timely disclosure of crime statistics.

Any student, staff member, or individual who observes any type of criminal action or emergency situation occurring on campus, in a non-campus building, or on non-campus property, or in a public area as defined in this document should communicate such to the nearest campus office/staff member as soon as possible. The notified staff member must ensure the information is immediately forwarded to the College Security Authorities.

The college does not employ pastoral or professional counselors; consequently, the college will not solicit any information relating to on-campus criminal activity from such individuals. If a counselor encourages an individual to submit information voluntarily, it will be handled as a confidential disclosure of information for the purpose of disclosure in annual crime statistic tabulations. If the individual files a police report, the information may then be disseminated by college authorities as required as the police report is considered a public record under Florida law.

Security Awareness and Crime Prevention Programs

During orientation sessions, all local students listen to a presentation on campus safety and receive a booklet containing material on the subject. Students also receive a copy of the letter telling them how to access this report online. Campus security and safety issues are addressed with employees in various meetings throughout the year. A common theme of all awareness and crime prevention training is to encourage students and employees to be aware of their responsibility for their own security and the security of others via awareness, prevention, risk reduction, and avoidance.

When time is of the essence, information is released to the college community through security alerts posted prominently throughout campus, through computer memos sent over the college's electronic mail system and via the college's online emergency notification system.

Any student concerned about walking to one of college parking lots after attending evening classes may request an escort in the Dean's Office.

Criminal Activity Off-Campus

Jones College has a number of administrative, faculty, and advisory board groups that do meet on occasion in the local community to hold meetings, attend other off campus functions, etc. The same can be said of student clubs. The Jacksonville Sherriff's Office will respond to and investigate any reported crime or disturbance involving any member of these groups in the local community.

Jones College operates no off-campus housing or off-campus student organization facilities. However, many students live in the neighborhoods surrounding the campus. The Jacksonville Sherriff's Office, fire department, and emergency ambulatory services have complete jurisdiction in all areas off campus.

Alcoholic Beverages and Illegal Drugs

It is the policy of the College that the unlawful possession, use, or distribution of illicit drugs or alcohol by students and employees on College property or in conjunction with any College or College-related activities, are strictly prohibited. The College enforces the State underage drinking laws. Students and employees who violate this policy will be referred to the appropriate law enforcement agency for prosecution and be immediately suspended until the matter has been resolved by the proper law enforcement agency.

Jones College Annual Security Report

In the event a student is suspended (as indicated above) or is arrested for a drug related offense, he or she will not be allowed back in school until presentation of written documentation indicating that the matter has been resolved to the satisfaction of the College.

Additional sanctions, determined by the nature of the offense in question, may be imposed by the administration of the College. Students may face expulsion. Employees may be terminated.

It is unlawful for any person to sell, manufacture, deliver or possess with intent to sell, manufacture, or deliver a controlled substance. Any person violating the provisions of Florida Law or ordinances of Duval County may be guilty of a felony or, in some cases, a misdemeanor of the first degree, and may be subject to punishment as provided in the Florida or municipal codes. This punishment can include imprisonment, fines, forfeiture of property, and, in some cases, loss of business licenses. It should also be noted that under Florida's sentencing guidelines, punishment may become successively more severe for second and third violations.

Physical risks associated with drug abuse can include several central nervous system disorders such as cerebral anoxia and coma, Guillain-Barre syndrome, meningitis, brain abscess and many other neurologic complications. Other common physical damage resulting from drug abuse can include heart failure, hypertension, lung abscess and other pulmonary complications such as pulmonary emboli, liver damage and both Type A and B hepatitis, musculoskeletal conditions such as osteomyelitis and muscle damage, and even immunologic abnormalities, including the risk of AIDS with injectable drugs.

Many of the same physical risks exist with alcohol abuse, especially cirrhosis of the liver and hepatic coma, severe brain damage, and alcoholic epilepsy. The most obvious health risks associated with drug and alcohol abuse are psychological. Addiction to these chemicals can cause drug and alcohol induced schizoid behaviors, depression, dependency, and hostile and self-destructive impulses.

Students and employees who desire drug or alcohol abuse counseling should contact the Dean so that a referral to the appropriate agency can be made. The College makes available to students, faculty, and staff an annual drug abuse seminar during which educational material is presented relating to drug and alcohol abuse.

Sexual Harassment Policy

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitutes sexual harassment when the conduct is sufficiently severe, persistent, or pervasive to limit a student's ability to participate in or benefit from the education program, or to create a hostile or abusive educational environment. Conduct is unwelcome when the student being harassed, did not "solicit or incite it," and "regarded the conduct as undesirable or offensive."

The College will not tolerate sexual harassment of its students from any member of the college community including faculty, staff, and other students. A student who feels he or she has been sexually harassed should immediately notify his or her Campus Dean. The Campus Dean will work with the President of the College to investigate the grievance and bring it to prompt resolution. The President of the College will, upon receipt of the complaint:

1. Initiate an investigation of the complaint by an impartial investigator, including the opportunity to present witnesses and other evidence;
2. Insure that the investigation will take place on a timely basis to bring closure to the issue in the shortest time frame;
3. Notify the parties involved of the disposition of the complaint, and
4. If appropriate, will take steps to prevent the recurrence of any harassment and correct its effects on the complainant and others.

Jones College Annual Security Report

Students must file a grievance within 45 calendar days following an alleged case of sexual harassment; or, if the accused is an instructor, 45 calendar days after a final grade is received in that class, whichever date is later. Parties involved will be given the opportunity to appeal the findings and/or remedy.

Domestic Violence, Dating Violence, Sexual Assault, and Stalking Prevention and Response

The College will provide an annual program on rape awareness, acquaintance rape, domestic violence, dating violence, and stalking. These programs are open to all employees and students. The Jacksonville Sheriff's Office also offers sexual assault education and information programs to college students and employees upon request. Literature on these topics and risk reduction is also provided to all students during on-ground student orientation sessions each semester.

All instances of rape/sexual offences, domestic violence, dating violence, sexual assault, or stalking occurring on campus are to be reported immediately to the Campus Security Authorities. Victims of these crimes may choose for the investigation to be pursued through the criminal justice system and the College Grievance Committee or only the latter. The College will assist the victim in notifying the Jacksonville Sheriff's office of the reported offense if requested. It is vital that the Dean be notified immediately in an effort to preserve evidence that may be necessary to the proof of criminal domestic violence, dating violence, sexual assault, or stalking.

The College Grievance Committee will convene, regardless of whether the offense occurred on-campus or off-campus, within seventy-two hours after the receipt of notification of the offense by Campus Security Authorities. Committee members will be chosen from those administrators, faculty, and staff members who have attended the annual training on issues related to domestic violence, dating violence, sexual assault, and stalking. Grievance Committees called upon to review any Clery Act violation will be chaired by the College's General Counsel.

The accuser and the accused are entitled to the same opportunities of formal presentation before the Grievance Committee and to have others present during a disciplinary proceeding including the opportunity to be accompanied to any related meeting or proceeding by an advisor of his or her choice. The accuser and the accused will receive a prompt, fair, and impartial investigation and resolution.

The Grievance Committee may recommend suspension or dismissal of any student found to have committed a sex crime if a preponderance of the evidence presented to the Committee supports the claim of rape/sexual offence, domestic violence, dating violence, sexual assault, or stalking. The Grievance Committee may recommend suspension or termination of faculty and staff members found to have committed a sex crime if a preponderance of the evidence presented to the Committee supports the claim of rape/sexual offence, domestic violence, dating violence, sexual assault, or stalking.

Both the accuser and the accused shall be informed of the outcome of any campus disciplinary proceeding in writing within forty-eight hours of the adjournment of the grievance hearing. The Grievance Committee's decision will be final.

The College will also ensure the victim is aware of the organizations off-campus that can provide additional services as requested. No counseling, mental health, victim advocacy, or legal assistance are available on-campus.

Campus Sex Crimes Prevention Act

Law enforcement agency information provided by the state of Florida concerning registered sex offenders may be found online at the following website: <http://www.fdle.state.fl.us/>.

Disclosure to Alleged Victims of Crimes of Violence or Non-forcible Sex Offenses

Jones College will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the results of any disciplinary hearing conducted by the College against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, Jones College will provide the results of the disciplinary hearing to the victim's next of kin, if so requested.

Information Dissemination

Jones College is required to disclose reported crime statistics based on four factors: 1) where the crime occurred; 2) the type of crime; 3) to whom the crime was reported; and 4) when the crime was reported.

The Clery Act requires institutions to disclose four general categories of crime statistics (refer to definitions section for explanation of each category):

1. Criminal Offenses, including;

- a) Criminal Homicide, including: Murder and Non-Negligent Manslaughter;
- b) Negligent Manslaughter;
- c) Sex Offenses including: a) forcible, and b) non-forcible;
- d) Robbery;
- e) Aggravated Assault;
- f) Burglary;
- g) Motor Vehicle Theft; and
- h) Arson

Jones College Annual Security Report

2. **Hate Crimes**—Disclose whether any of the abovementioned offenses, and any incidents of Larceny-Theft, Simple Assault, Intimidation, or Destruction/Damage/Vandalism of Property that were motivated by bias; and
3. **Arrests and Referrals for Disciplinary Action** for Weapons: Carrying, Possessing, Etc., Drug Abuse Violations and Liquor Law Violations.
4. **Domestic Violence, Dating Violence, and Stalking** for incidents that were reported to campus security authorities or local police agencies. (required October 1, 2015)

(U.S. Department of Education, Office of Postsecondary Education, The Handbook for Campus Crime Reporting, Washington, D.C., 2005.)

The Clery Act mandates that the disclosed crime statistics be obtained from two sources. These sources are the local police agencies and campus security authorities. In addition to disclosing statistics for the aforementioned offenses, the Clery Act requires that Jones College also disclose both the number of arrests and the number of persons referred for disciplinary action for:

1. Illegal weapons possession;
2. Drug law violations; and
3. Liquor law violations.

Jones College Annual Security Report

The categories of bias are:
